

FabcoGrate FRP Grating & FabcoRail FRP Safety Railing

FABCO FRP MOLDED GRATING

Fabco offers a full range of Fiberglass Molded Grating Panels for most any application- With a grate thickness range of 1", 1 1/2" and 2" and mesh sizes of 1" x 4", 1 1/2" x 1 1/2" or 2" x 2" we have the ability to supply you with panels that meet your projects loading demand . We have a full complement of resin selections available that can be offered with grit top or a plain non-skid surface. Panel sizes are varied and range from 4' x 12' 4' x 8' and 3' x 10'.

FABCO FRP PULTRUDED GRATING

Our Pultruded FRP Grating Product range offered in either poly or vinyl ester flame retardant resins. It is available with Individual bearing bars in various sizes of "I" or "T" shapes or Heavy Duty solid bars up to 2 1/2". This provides Fabco the ability to supply a pultruded grating profile to handle a range of applications from light foot traffic walkways to heavy vehicle traffic in any corrosion environment.

FABCO PHENOLIC GRATING

Phenolic grating is a dramatic innovation for markets where fire safety is a major concern; it offers superior resistance to flame and high temperature with low emissions of smoke and toxic fumes. The nonflammable nature of phenolics enable phenolic grating to withstand higher temperatures than polyester or vinyl ester for extended periods of time without major structural damage.

FABCORAIL FRP SAFETY RAILING

Our Safety Railing is fabricated from structural FRP components manufactured by the pultrusion process. Fabco Plastics stocks a wide variety of Safety Railing which can ship from stock for easy on-site assembly. Our standard handrail is a 2-rail system manufactured in a "Safety Yellow" color.
